Instructions

The LCAP Federal Addendum is meant to supplement the LCAP to ensure that eligible LEAs have the opportunity to meet the Local Educational Agency (LEA) Plan provisions of the ESSA.

The LCAP Federal Addendum Template must be completed and submitted to the California Department of Education (CDE) to apply for ESSA funding. LEAs are encouraged to review the LCAP Federal Addendum annually with their LCAP, as ESSA funding should be considered in yearly strategic planning.

The LEA must address the Strategy and Alignment prompts provided on the following page.

Each provision for each program must be addressed, unless the provision is not applicable to the LEA.

In addressing these provisions, LEAs must provide a narrative that addresses the provision within the LCAP Federal Addendum Template.

Under State Priority Alignment, state priority numbers are provided to demonstrate where an ESSA provision aligns with state priorities. This is meant to assist LEAs in determining where ESSA provisions may already be addressed in the LEA’s LCAP, as it demonstrates the LEA’s efforts to support the state priorities.

The CDE emphasizes that the LCAP Federal Addendum should not drive LCAP development. ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA’s responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.
California’s ESSA State Plan significantly shifts the state’s approach to the utilization of federal resources in support of underserved student groups. This LCAP Federal Addendum provides LEAs with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for LEAs to innovate with their federally-funded programs and align them with the priority goals they are realizing under the state’s Local Control Funding Formula (LCFF).

LCFF provides LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The LCAP planning process supports continuous cycles of action, reflection, and improvement.

Please respond to the prompts below, and in the pages that follow, to describe the LEA’s plan for making the best use of federal ESEA resources in alignment with other federal, state, and local programs as described in the LEA’s LCAP.

**Strategy**

Explain the LEA’s strategy for using federal funds to supplement and enhance local priorities or initiatives funded with state funds, as reflected in the LEA’s LCAP. This shall include describing the rationale/evidence for the selected use(s) of federal funds within the context of the LEA’s broader strategy reflected in the LCAP.

[As reflected in the 2019-20 LCAP, our goals focus on our four priority areas, which include recruiting, hiring, and maintaining high quality teachers, creating a positive school culture, implementing strong instructional strategies & support services for English Learners and struggling subgroups, and parent engagement.

Voices offers a variety of programs and supports principally directed to English learners, low income students and foster youth. These include: Academic coaches for teachers; BTSA induction for qualified teachers; secure and maintain a suitable facility to serve student needs; purchase adaptive technology based reading and math in class and intervention program; provide counselors for student counseling services; implement community building events; develop additional parent participation activities and engagement opportunities; establish benchmark assessments for ELA and Math and purchase licenses for testing and assessment systems; Hire Dean of Culture to enforce truancy policies and procedures and support students and families; implement an arts curriculum; secure enrichment contracts with external enrichment specialists. Schoolwide implementation of these practices not only has an impact on the learning environment and the climate of the school as a whole but also have a disproportionately positive impact on the targeted groups.

**Alignment**

Describe the efforts that the LEA will take to align use of federal funds with activities funded by state and local funds and, as applicable, across different federal grant programs.
Voices Academy at Mount Pleasant will work to improve the academic services given to students with disabilities during math and ELA instruction. Voices has piloted co-teaching structures in 2017-18 and will launch whole school support in 2018-19.

Voices Academies aligns the use of federal funds with activities funded by state and local funds through the annual planning process. This process begins in January, as we use teacher and school leader feedback, student data, parent input, observations and CMO leadership guidance to determine our school priorities and areas of need. Through the following months, we make decisions about which resources our schools need and we align our funds as appropriate.]
ESSA Provisions Addressed Within the LCAP

Within the LCAP an LEA is required to describe its goals, and the specific actions to achieve those goals, for each of the LCFF state priorities. In an approvable LCAP it will be apparent from the descriptions of the goals, actions, and services how an LEA is acting to address the following ESSA provisions through the aligned LCFF state priorities and/or the state accountability system.
